

FULL DAY JOIN-IN TOUR

## PHONG NHA RIVER CRUISE

*Phong Nha is surrounded by a collection of unique and interesting local villages, which specialize in a variety of crafts and local delicacies. The local people, who rely on the Son River for most of their daily activities, are amongst the most friendly and hospitable you will meet on your travels through Vietnam.*

**O**ur Phong Nha Villages Experience by Boat and Bike showcases this unique side of Phong Nha, one that exposes the rich diversity of life beyond the caves. We limit our tours to a maximum of 15 people per tour departure to really give everyone a chance to participate and enjoy the day without crowds of other tourists.

Our tour starts with an early morning visit to Xuan Son market, where you'll have a close encounter with the towns morning activities. Then get on board and after a short boat trip you will arrive at Xuan Tien Village, where you will learn about local fish farming prac-

tices, including the Black Carp and special eel from Phong Nha.

Continue cruising down the river to the very pleasant Gia Tinh Village, where guests will alight from the boat and have a chance to wander through the village with their guide, visiting a craft house where the locals make handmade rattan products. Here the local will show you how to make a product from rattan and you can put your craftiness to test.

**TOUR CODE: J\_PB1**

You'll then get back to the boat and float toward Gia Hung village. Here you will have a chance to learn about one of the most impressive churches of the region, if not the country, with its unique local wooden architecture. Then after a short walk, you will get to a local house where they make different types of rice cake. You will have a chance to try making it for yourselves to experience first hand the skills needed to produce hundreds of rice cake per day. You can buy some and bring back on the boat as snack.

Then a delicious lunch will be served on the boat to help you rest and recharge for the next portion of the tour. Our boat will take you back to Lien Trach where you will have

some times for swimming. It must be hot after a day of walking around. This is your chance to relax in the cool water of Son River.

You will now head down to Ha Mon boat station then start the afternoon with your bicycles - cycling through very rural farming villages, where buffaloes will compete with laughing children to grab your attention!

This tour is perfect for those wanting to experience local life with a professional local guide - you will not be disappointed!
